<b>AB-2062</b>	<b>AB-3062</b>	<b>AB-4062</b>	

Our products are both manufactured in the USA and are substantially produced from parts and/or goods that are manufactured in the USA. Additionally, the parts and goods required to make our products are substantially transformed through the use of highly skilled American labor and manufacturing, into new and different articles of commerce, with a character or use distinct from that of the original materials employed in the manufacturing process.

Please feel free to contact us with any questions regarding this statement of compliance.
